#### JIM MCCUE ON JONES.

The following is taken from Jim McCue's new paper in San Francisco called the Silver Dol-

We read in a daily paper some time ago that the Republican party of the State of Nevada had asked the Senator to resign. We were under the impression that there was no Republican party in the State of Nevada; that the Republican party had abandoned their organization and gone in with the Populist, as it seemed so at the last election. Senator Jones has not abandoned the Republican party, the Republican party has abandoned Senator Jones. The principles on which he was elected are the principles to which he must adhere, and if there are a few Republicans left in the State of Nevada they have formed themselves into a Piece Club, and we do not think they have any right to ask Senators Jones to resign, and we do not think he will give them a cent out of his salary if he does not resign. The more they hammer at Senator Jones, the more they hammer at their piece club, as the whole people of | the United States know that the Republican party of the State of Nevada is a thing of the past. Jones does not propose to retire from public life because of the death of his party; he proposes to serve the people of his State to the end of his term, and the people will very likely appreciate his services and send him back to the Senate no matter what the name of their party may be.

It is pretty near treason this alluding to the Republican party as a Peace Club, with an immaculate gentlemen at the head like Mr. Coffin. Everybody knows that that patriotism alone guides his inmost thought.

#### THE AMENDMENT CONSPIRACY

The more one examines into the Proposed Constitutional amendmendts the more convincing it becomes, that the entire change of the Constitution is a deep scheme on the part of some one who looked after self-interest and nothing else.

The one which proposes to allow the State to invest its School Fund in bonds was railroaded through in the interest of bankers who were desirous of handling the funds of the State and investing in worthless bonds, out of which somebody would reap a big divy and the plot not be discovered until the next generation found the fund squandered and a security worth about ten cents on the dollar in the hands of the State.

It is quite evident that the same hand that framed one amendment be, from 7 to 9 c'clock p. m., Sundays exframed the whole batch. The preposed changes are made in the interest of the Republican corporations and bosses of Nevada.

The only way to treat them is to vote the whole batch down. Put a cross opposite the "No" after every one, if you want to adopt a tober, 1894, at 6 o'clock p. m., and that the safe course.

Alexander Wise told the Silver · State a few days ago that he had written the State Central Committee, asking the committee to accept his resignation as a member of the committee, Trenmor Coffin however says that no such letter has been received, and the Silver State is quite exercised over it. It need not be. If the Si ver State but knew Coffla's reputation for veracity as it is known in this city, his denial would be corsidered as good a proof of the arrival of the letter or a registerd pos- Over the Bullion & Exchange Banktal receipt.
